1999 Young veterans are the key to building on success

Carlos Delgado

THERE IS MUCH TO BUILD ON IN 1999 after the club went 34-18 down the stretch in 1998 and recorded the first season above .500 since the World Series years of 1992 and 1993. A young outfield harkens back to the days of Bell, Barfield and Moseby as Shannon Stewart and Shawn Green both established their offensive credentials in 1998 and Jose Cruz showed great improvement after a stint in Syracuse. Green more than doubled his previous career bests with 35 home runs and 35 steals in 1998, while leading the team with 106 runs scored and driving in 100 for the first time. Lead-off man Stewart had a .377 on-base percentage and scored 90 runs of his own while ranking among the league-leaders with 51 steals.

In the infield, Carlos Delgado enters his fourth full season after establishing himself as a star. Named team captain in 1998, Delgado reached career highs in all major offensive categories including a .292 batting average, 38 homers and 115 RBIs. Across the diamond, Tony Fernandez holds down third base after hitting .321 and establishing a career high of his own with 72 runs batted in. Alex Gonzalez provides great glove work at shortstop, while Joey Cora has been signed to solidify second base. Craig Grebek returns as a much-valued utilityman. Willie Greene adds punch to the infield offence and can also play the outfield or be used as a designated hitter. Former Blue Jay Cecil Fielder and one-time Toronto farmhand Geronimo Berroa have been signed to add right-handed power. Berroa hit 36 home runs for Oakland in 1996. Fielder was one of the premier power hitters of the 1990s.

Shannon Stewart

Pitching has been the Blue Jays strength for several seasons, and newcomver Joey Hamilton should help continue that trend, though it is the club's home-grown young arms that are the envy of every team in baseball. Chris Carpenter was 12-7 in his first full season in 1998. Roy Halladay came up from Syracuse late in the year and came within one out of a no-hitter on the final day of the season. Kelvim Escobar was 7-3 and dominated hitters after joining the starting rotation following his stint in the bullpen.. Meanwhile, Robert Person showed he has the right stuff to become the club's closer. Dan Plesac and Paul Quantrill (when he returns from injuries) provide outstanding middle relief.

1998 Trade deadline deals lead to late-season excitement

IT WAS A TALE OF TWO SEASONS for the Blue Jays in 1998, as the team struggled through the first half before exploding into contention in August. Deals at the trade deadline allowed Shannon Stewart, Jose Cruz and Shawn Green to patrol the outfield everyday, and also steadied the infield by opening third base for Tony Fernandez. Fernandez led the team with a .321 average, while Green joined the exclusive 30-30 club with 35 homers and 35 steals. Carlos Delgado led the Jays with 115 RBIs, while Jose Canseco clubbed 46 home runs. Roger Clemens earned his fifth Cy Young Award, going 20-6 and topping 3,000 career strikeouts.

Shawn Green is the first Jay to join the 30-30 club.

FREE-AGENT ACQUISITION ROGER Clemens was the Blue Jays' top story in 1997. His 21 victories tied a club record and his 292 strikeouts set a new one. Combined with a 2.05 ERA, Clemens won the unofficial A.L. pitchers' Triple Crown and won the Cy Young Award for the fourth time in his career. Joe Carter passed George Bell as the club's all-time home run leader while Carlos Delgado and Jose Cruz, Jr. emerged as the club's new offensive stars.

Roger Clemens gave up only 68 walks in 264IP.

THE BLUE JAYS' 20TH SEASON was highlighted by pitcher Pat Hentgen, who became the first member of the club to win the Cy Young Award after posting a 20-10 record and leading the A.L. with 10 complete games and 265.2 innings pitched. Ed Sprague also had a big year with 36 home runs and 101 RBIs, while Joe Carter rebounded from a poor 1995 season to top 30 homers and 100 RBIs for the ninth time in his career. Juan Guzman also returned to form and led the A.L. with a 2.93 ERA. Robert Perez led the team with a .327 average, while Jacob Brumfield added surprising punch to the offense with 12 homers and 52 RBIs. Youngsters like Carlos Delgado, Shawn Green, and Alex Gonzalez were given a chance to play every day, and the result was an 18-win improvement over 1995.

Pat Hentgen led the A.L. in complete games and IP.

1995 Back to the Drawing Board: Jays Look to Rebuild

DESPITE DISAPPOINTING RESULTS, 1995 contained its share of highlights. Joe Carter led the club in homers for the fifth straight season. Right fielder Shawn Green set a club rookie record with 50 extra base hits and rookie backstop Sandy Martinez jumped from AA to the major leagues in mid-season and led the team in RBIs in August. Southpaw Al Leiter posted career-highs in wins, ERA, innings and strikeouts.

Domingo Cedeno and rookie Tomas Perez played well defensively and Ed Sprague emerged as a team leader and solid presence at third base. Also impressive was the resilience of left-hander Tony Castillo and the promising contributions of rookie pitchers Ken Robinson and Tim Crabtree.

Lefty Al Leiter led the Blue Jays with 11 wins.

1994 Strike Halts Jays' Run for Third Straight Title

THE 1994 BLUE JAYS struggled in May and June, and despite better results at the time play was suspended, the Jays finished under .500 for the first time since 1982.

The club started strongly. Rookie Carlos Delgado hit eight HRs in April. Joe Carter established an M.L. record with 31 RBIs in the month.

After just 18 wins in May and June, the Jays rebounded with 17 victories in July. Still, when the season ended in August, the club was 16 games back. Inconsistency and injuries had figured in the result: Both Carlos Delgado and Alex Gonzalez were returned to the minors. Juan Guzman struggled and Duane Ward underwent surgery and was unable to play.

Righthander Pat Hentgen led all Jays starters in innings pitched, wins, strikeouts and ERA in 1994.

Despite the disappointing result, there were numerous highlights. Paul Molitor hit .341. Mike Huff played 80 games in the outfield, batting .304. Veteran minor leaguer Darren Hall recorded 17 saves and Pat Hentgen contributed 13 wins and an ERA of 3.40.

THE BLUE JAYS entered the 1993 season with eleven new faces. John Olerud, Robbie Alomar and Paul Molitor finishing 1-2-3 in the batting race and Joe Carter added 33 HRs and 121 RBIs as the Jays captured their third consecutive A.L. East flag.

Dave Stewart won twice as the Jays eased past the White Sox in six games to win the A.L. crown, setting up as meeting with the Phillies in the World Series. The teams split the first two in Toronto before the Jays captured two of the next three on the road, including a record-setting 15-14 nailbiter in game four.

Paul Molitor was named World Series MVP after hitting .500 with eight RBIs.

In game six at SkyDome, the Phillies overcame a 5-1 deficit and carried a 6-5 lead into the bottom of the ninth. After Henderson and Molitor reached base, Joe Carter then drove a slider from Mitch Williams into the left-field bullpen to give the Jays their second championship. Carter's blast was only the second Series-ending home run in baseball history.

"Touch 'em all Joe! You'll never hit a bigger home run." Carter's hit and Tom Cheek's call made for Toronto's ultimate baseball moment.

1992 We can, we are, we will: Jays win the World Series

THE 1992 JAYS were a well-balanced team supplemented by the addition of Dave Winfield, Jack Morris, Alfredo Griffin and David Cone. After clinching their second consecutive A.L. East title, the Jays cruised past the Oakland A's in six games to reach the World Series for the first time.

Toronto's opponents in baseball's first international World Series were the Atlanta Braves. After an opening game loss, the Jays won three consecutive games, two of which were the result of dramatic ninth-inning come-backs. Atlanta bounced back for a win in game five, but the Jays made baseball history in game six, winning the Series with a 4–3 victory in 11 innings. The key hit was Dave Winfield's two-out double down the left field line. Two days later, Winfield unveiled the banner the city and the team had been waiting 16 years to see: Toronto Blue Jays, 1992 World Series Champs.

Ed Sprague stroked a two-run pinch-hit home run to give the Jays their first lead in game two of the World Series

Joe Carter led the Jays with 33 HRs.

THE JAYS acquired Devon White, Joe Carter and Roberto Alomar for 1991.

Heros for the Jays included Juan Guzman, who set a team record with 10 consecutive victories, and Joe Carter who drove in 108 runs. Roberto Alomar led all regulars with a .295 batting average. Tom Henke had 32 saves while Duane Ward had 23.

Despite losing to the Twins in the ALCS, the season was a successful one for the organization as the Jays became the first team in baseball history to draw 4,000,000 fans.

IN 1990, THE BLUE JAYS were unable to combine pitching, hitting and defense to produce a prolonged winning streak. The club held or shared the lead throughout the final month of the schedule and stayed in the chase until key losses to Boston and Baltimore in the final week ended the team's pennant hopes.

The 1990 season did see several rookie ballplayers make their marks with the club. First baseman John Olerud had 14 HRS and 48 RBIS while Glenallen Hill added 12 HRS in 84 games. Pat Borders was behind the plate when Dave Stieb pitched the first no-hitter in franchise history against Cleveland on September 2. Stieb also pitched the 100th complete game of his career in 1990, shutting out Oakland 1-0 on May 28.

David Wells joined the rotation in 1990, making 25 starts. He pitched a career-high 189 innings and finished at 11–6.

Kelly Gruber hit .290 with 73 RBIs.

THE JAYS WON THEIR SECOND A.L. East crown in 1989, enduring a slow start and a managerial change before putting together a strong second half.

The club played its SkyDome opener on June 5, recording a 17-10 mark for the month. By the All-Star break, the club was tied for fourth place. In early August, Lee Mazzilli and Mookie Wilson were added.

With a team record 20 wins in August, the Jays pulled into a first-place tie with Baltimore on the last day of the month. Back-to-back wins over the Orioles on the last weekend of the season clinched the A.L. East Division title. George Bell (104 RBIs) and Fred McGriff (36 HRs) powered the offense.

In the ALCS, the Jays lost to the Oakland A's in five games.

THE JAYS WERE PLAGUED by injuries and a slow start in 1988 and trailed the A.L. East leaders by 11½ games in mid-July.

After the All-Star break, the Jays played consistent baseball, posting the Division's best second-half record with 45 wins, 22 of these coming in the stretch drive.

The Jays led the league in home runs (158), triples (47), total bases (2330) and slugging percentage (.419). Fred McGriff's 34 homers led the A.L., as did the pitching staff's 17 shutouts. George Bell stroked 24 homers and added 97 RBIs. Jimmy Key recovered from arm trouble to go 12-5 and Dave Stieb tossed three one-hitters over the course of the campaign. Tom Henke saved 25 games while Duane Ward posted a 9-3 mark in 64 appearances.

Newcomers Pat Borders (.273) and Rob Ducey (.315) were pleasant surprises. Kelly Gruber (16 home runs) and Tony Fernandez (.287) solidified the infield with excellent defense and made consistent contributions at the plate. The future looked bright.

Fred McGriff led the club with 34 HRs and 100 runs scored in 1988.

THE JAYS 10TH SEASON saw both Jesse Barfield and George Bell drive in a club record 108 runs. Barfield hit a Jays' record 40 homers, while Bell hit 31 dingers and 38 doubles. Tony Fernandez led the club with a .310 average. All three were selected to post-season All-Star teams and Barfield and Fernandez became the first members of the Blue Jays to win Gold Glove awards. Rick Leach hit .309, with ten pinch-hits.

All-Star Jesse Barfield hit 40 HRS.

Inconsistency plagued the starting staff. Jim Clancy lost his final seven decisions while Dave Stieb lost his first six decisions to finish at 7–12. Lefthander Jimmy Key, also winless in his first six starts, finished at 11–11. Mark Eichhorn, who won 14 games and set the club record for lowest ERA at 1.72, was selected as rookie relief pitcher of the year by *The Sporting News*. Tom Henke continued as the team's top stopper, finishing with a club record 27 saves.

1984 Unstoppable Tigers hide Jays' strong season

IN AN ATTEMPT TO IMPROVE their bullpen, the Jays acquired relievers Dennis Lamp and Bryan Clark.

After a streak of 19 one-run victories in the first half of the season, the Jays dropped 25 of 40 one-run games over the rest of the schedule. They finished with 89 wins, finishing in second place behind the Detroit Tigers.

Dave Collins won Player of the Year honors with 41 extra base hits and 60 stolen bases. Lloyd Moseby hit .280 with 18 homers and 39 stolen bases. Rance Mulliniks hit .324, the best mark on the club.

Doyle Alexander's first full season as a Jay saw him lead the staff with 17 wins.

Doyle Alexander had a great year on the mound, going 17-6 with 262 innings pitched and 11 complete games. Stieb had another fine year at 16-8 with an ERA of 2.83. Jim Clancy and Luis Leal each won 13 games.

For the first time in franchise history, more than two million fans made their way to Exhibition Stadium. The Jays were a good team, but a piece or two was still missing from the championship puzzle.

Newly-acquired leftfielder Dave Collins gave the Jays speed on the bases.

THE JAYS BECAME CONTENDERS in 1983. The club's designated hitters – primarily Cliff Johnson and Jorge Orta – hit 34 HRS and 113 RBIS. The Jays' .277 average led the A.L.

Lloyd Moseby, who became the first Jay to score more than 100 runs, hit .315 with 18 home runs, 81 RBIS and 27 stolen bases. Willie Upshaw became the first Jay to record 100 RBIS, hitting 27 homers to share Player of the Year honors with Moseby. Damaso Garcia had another strong year, finishing at .307 with 31 stolen bases. The outfield featured Jesse Barfield, who hit 27 home runs, and newly-acquired Dave Collins, who platooned with Barry Bonnell and George Bell. Bonnell hit .318.

The pitching staff consisted of Stieb (17–12), Clancy (15–11), Leal (13–12), Jim Gott (9–14) and Doyle Alexander (7–6), who had been released by the Yankees in June. The 1983 season marked Toronto's first exposure to pennant fever.

BOBBY COX'S FIRST SEASON as manager saw Willie Upshaw take over at first base after John Mayberry was traded. Upshaw had 75 RBIs and 21 HRs. Damaso Garcia hit .310 and stole 58 bases. Jesse Barfield, who hit 18 HRs and finished second in the league with 15 outfield assists, was selected as the club's Rookie of the Year.

Damaso Garcia earned Labatt's and BBWAA Player of the Year honors in 1982.

Platooning was an important part of Cox's strategy, utilizing Garth Iorg and Rance Mulliniks at third and the tandem of Ernie Whitt and Buck Martinez behind the plate.

Dave Stieb, who led the league in innings pitched and complete games, won a club-record 17 games. Jim Clancy posted a 16-14 record and Luis Leal gave the Jays a reliable third starter with a 12-15 record and 250 innings pitched. Dale Murray was the Jays' relief ace, with eleven saves and eight wins in 111 innings pitched.

Despite a strike-shortened season, Dave Stieb pitched 184 innings in 1981.

IN A SEASON SPLIT IN HALF by a players' strike, the Jays combined the worst start and the strongest finish in the club's five-year history. Dave Stieb became the Jays' first regular starter to win more than he lost, finishing the year at 11–10 with an ERA of 3.19. Righthander Luis Leal was 7–13 with a 3.68 ERA in 130 innings pitched. In the bullpen, Joey McLaughlin recorded 10 saves and a 2.85 ERA and Roy Lee Jackson, acquired from the Mets for Bob Bailor, had seven saves and an ERA of 2.61.

Damaso Garcia had an excellent second half for the Jays, hitting .375 before breaking his wrist in late August. Jesse Barfield and George Bell began to play regularly, joining Lloyd Moseby in the outfield. In his first full season with the Jays, Moseby tied John Mayberry for the club lead with 43 RBIs.

Roy Howell drove in 72 runs and hit 15 homers for the Jays in 1979.

RICK CERONE became the club's number-one catcher in 1979, delivering 61 RBIs. Shortstop Alfredo Griffin was acquired from Cleveland and went on to share the A.L. Rookie of the Year award. Griffin hit .287 with 179 hits and 21 stolen bases.

On June 26, a talented rookie pitcher completed the almost unheard-of leap from "A" ball to the majors in one season. Converted outfielder Dave Stieb was 5–0 with Dunedin, 5–2 with Syracuse, and 8–8 with Toronto, to finish with a combined record of 18 wins and 10 losses.

Other prospects in the minors included Lloyd Moseby (.332) and Jesse Barfield (71 RBIs) in the Florida State League.

TWO EXPERIENCED HITTERS – Rico Carty and John Mayberry – joined the Jays for 1978. Although each hit 20 home runs and combined to drive in 138 runs, the team was outscored by 185 runs over the course of the campaign.

Rookie centerfielder Rick Bosetti, who had 17 assists, established what would prove to be a Blue Jays tradition of fast, young outfielders. Roy Howell had 10 homers and 61 RBIs.

Sophomore Jim Clancy won ten games while Victor Cruz topped all Toronto relievers with nine saves and an ERA of 1.71. Tom Underwood got the win in the highest-scoring game in Jays history, a 24–10 win over Baltimore on June 26.

Victor Cruz had nine saves, seven wins and an era of 1.71.

In the June free-agent draft, the Jays selected outfielder Lloyd Moseby. Down in "A" ball, 18-year-old Jesse Barfield hit just .206, and Dave Stieb, was switched from the outfield to the mound.

TORONTO BLUE JAYS OWNERSHIP

On March 26, 1976, the American League granted an expansion franchise to a group consisting of Labatt Breweries, Imperial Trust Limited and The Canadian Imperial Bank of Commerce. Both Labatt Breweries and Imperial Trust each controlled 45% of the team. The C.I.B.C. had the other 10% of the club. Imperial Trust was a holding company set up by the late R. Howard Webster, who was instrumental in the granting of the franchise in 1976. The Webster family still maintained their share of the ownership until selling their 45% to Labatt in November, 1991. The ownership presently consists of John Labatt Limited, 90% and Canadian Imperial Bank of Commerce, 10%. In June of 1995 John Labatt Limited was purchased by Interbrew S.A. 1-2-3 IN BATTING RACE

In 1993 John Olerud (.363), Paul Molitor (.332) and Roberto Alomar (.326) finished the year first, second and third respectively in the American League batting race...It was just the third time in Major League history that three teammates had finished in that order- and the first since 1893. Alomar was in fourth place trailing Cleveland's Kenny Lofton heading into the last day of the regular season...Alomar then went 3-4 on the final day to finish .001 ahead of Lofton (.325)...The two other times that this feat occurred were: 1893- Philadelphia A's (Billy Hamilton- .380, Sam Thompson- .370 and Ed Delahanty- .368) & 1891- Boston Reds (Dan Brouthers- .350, Hugh Duffy- .336 and Tom Brown- .321).

WORLD SERIES RINGS

The Toronto Blue Jays commissioned Tiffany & Co., the world-renowned purveyor of fine jewellery, timepieces, and arts of the table to design rings commemorating both their 1992 and 1993 World Series victories.

To commemorate the 1992 Blue Jays victory, the 14 karat gold ring's design features the team's logo: the head of a Blue Jay with a maple leaf on a baseball backdrop. The eye of the bird is set with a solitaire diamond. Sixteen diamonds representing each year of the club's history surround the bird and the maple leaf is enamelled in red to match the team's official colour. The inscription of World Champions 1992 wraps around the bezel. One side depicts the team's name - Toronto Blue Jays - set in two lines across the top. The 1992 World Series logo is set in a maple leaf with the inscription - Canada's 1st - positioned below the logo denoting the first Canadian World Series victory. The other side depicts the player's name and the jersey number, the American League logo and the team's 1992 season attendance record - 4,028,318 - positioned below the American League logo. Each side of the ring is accented with two rows representing the stitches of a baseball.

The 1993 World Series Championship ring features the symbols of the Toronto Blue Jays and Canada. A field of 45 diamonds in a pave style setting surrounds the Toronto Blue Jays' logo: the head of a Blue Jay enamelled in the team's official colours overlapping another Blue Jay in gold. The eye of the Blue Jay is set with a diamond solitaire stone. Two Maple Leafs, enamelled in red, symbolize Canada's back-to-back World Series victories. Two baseballs overlay each other in the background. Each ring is personalized with each player's name and jersey number, and incorporating the American League logo and the World Series logo with the inscription "Back to Back" and the years 92-93.

THE TORONTO BLUE JAYS LOGO AND UNIFORMS

A NEW LOGO

For 1997 the Toronto Blue Jays made the first change to their familiar team logo in franchise history. The new logo was designed by Major League Baseball Properties under the guidance of Anne Occi, Vice-President Advertising and Creative Services, and Heather Carlson, Director of Creative Services.

The largest difference in the primary team logo is the abundance of red as the maple leaf is now proudly used as the back drop for the bird emblem. The maple leaf is outlined in a dark blue and light blue, the light blue is the outside stripe. The logo for the next generation will no longer have TORONTO BLUE JAYS surrounding it. Instead, BLUE JAYS will appear underneath the logo. The dark blue lettering will continue to use the familiar split style with a light blue line in the centre of the letters. The split lettering style has been distinctively Blue Jays since inception in 1977. It will take on a stronger look as the letters have been lengthened vertically and appear more stream lined. The logo will also see the B and S in a larger case than the rest of the letters.

The focal point of the logo, the Blue Jay, will again be centred on top of a baseball. Unlike the original Blue Jays logo, the stitching of the ball will appear vertically instead of horizontally. It will no longer appear as continuous stitching, rather as a series of separate stitches. The Blue Jay is similar to the original logo but has a more contemporary and aggressive look. The new stylized look now sees the bird with a more pointed beak, a more developed eye and the presence of blue feathering beginning in the middle of the face below the eye and tapering out to the right. The Toronto Blue Jays logo is now a four colour logo as grey is used to shadow the lower half of the ball and the dark blue portion of the logo below the eye.

THE NEW UNIFORMS

The Toronto Blue Jays will continue to use the traditional buttoned jerseys and belted pants. The stable and consistent uniform designs of the Toronto Blue Jays will continue with the use of the split lettering style which has now become associated with the club. While remaining with white and grey, home and road uniforms, Toronto will have two alternate jerseys including a sleeveless uniform top and an alternate hat. The four new uniforms will be a tug of war between tradition and innovation.

All four of Toronto's uniforms will display the Blue Jays logo on the left arm. It is not the primary logo as the words Blue Jays do not appear. With the logo now on the arm the uniform number has been added to the front on the left side of the chest where the logo had appeared previously. The striping on the uniforms will again appear on the sleeves and the sides of the pants. It will now add red and drop the white as the striping will appear dark blue, light blue and red. The lettering and numbers will adopt the new aggressive style displayed in the logo.

THE HOME AND ROAD CAP

The Toronto Blue Jays cap will again be a solid dark blue cap and visor with the logo centred in front. The logo on the hat will be the Blue Jay centred on the maple leaf without the presence of the baseball.

THE ALTERNATE HAT

An alternate hat has been added to the Blue Jays uniforms. The cap will be a solid dark blue cap with a red brim and button on top. The logo will be centred on the front on the cap. The logo, like the solid blue hat will be without the ball.

THE HOME UNIFORM

The Blue Jays home uniform will again be white with BLUE JAYS across the chest. The B in Blue Jays will now be in a larger font. The lettering will now be highlighted with a light blue centring line instead of white as had appeared previously. The player names on the back of the uniforms will appear in the split lettering style.

THE ROAD UNIFORM

The Blue Jays road grey uniform will continue to see TORONTO across the chest but it will now be in three colours. It, along with the player name and uniform number, will be dark blue with a red centring line and a white outline. The first T in Toronto will be in a larger font to capitalize the word. The other changes are listed above and shared with the home uniform.

ALTERNATE JERSEY

The Toronto Blue Jays will again sport a buttoned solid dark blue alternate jersey which will be adorned with red lettering. The lettering will have a white outline and a dark blue centring line and will now display TORONTO across the chest. The previous alternate jersey had displayed BLUE JAYS across the chest in white split lettering.

As with the home and road uniform the logo will appear on the left arm and the uniform number on the back and the front on the left side below TORONTO. The alternate jersey will be striped on the sleeves with dark blue, light blue and red.

THE SLEEVELESS JERSEY

The Toronto Blue Jays will have a sleeveless uniform top as a second alternate jersey. The sleeveless buttoned jersey will be white with light blue lettering and numbers. The lettering will have a white outline and a dark blue centring line. The undershirt will be light blue.

HISTORY OF THE SLEEVELESS JERSEY

The sleeveless jersey first appeared in Major League Baseball in 1940 when the Chicago Cubs introduced the look for both the home and road uniform. The Cubs used this look again in 1941 and 1942. After the three seasons in Chicago the sleeveless jersey resurfaced in the fifties and sixties with several clubs. The Cincinnati Reds brought the look back in 1956 and after the look was widely approved by players the Pirates adopted the style in 1957.

Teams that have gone SLEEVELESS

Cincinnati Reds	1956–1966, 1993–current
Pittsburgh Pirates	1957–1970
Kansas City Athletics	1962–1967
Cleveland Indians	1963–1969
Baltimore Orioles	1968 (alternate)
Florida Marlins	1993–current
Seattle Mariners	1997–current (alternate)
Arizona Diamondbacks	1998–current (alternate)

PRACTICE JERSEY

The practice jersey or warm-up top will be a solid blue Henley style pullover with the emblem displayed on the left side of the chest. The numbers, again in the split style, will be red similar to the alternate jersey.

THE HISTORY OF THE BLUE JAYS UNIFORM

In 1977 when the Toronto Blue Jays began play in the American League they sported the now familiar Blue Jays logo that was designed by Toronto-based Savage Sloan Ltd.

The lettering style that has become associated with the organization began in 1977. The uniform numbers and name BLUE JAYS on the home uniforms in 1977 were done with rounded corners and a thin white centered highlight line which is now so distinctly associated with the Toronto Blue Jays.

In 1977 the Blue Jays players wore pullover uniform tops and beltless waistband pants with decorative striping of blue, white and light blue on the sleeves, necks and pants. The caps were dark blue with two white panels in front and the team logo proudly displayed in the middle. Undersweaters and socks were solid dark blue.

The home uniforms were white with BLUE JAYS arched across the chest over the Blue Jay logo which was centered on the uniform top. The lettering was dark blue split with a white highlight line centered in the lettering. The uniform numbers on the back of the jersey were done in the same split style. The road uniforms were light blue with TORONTO across the chest in solid dark blue lettering.

In 1978 a white outline was added to highlight the solid blue lettering, TORONTO on the road uniform top. In 1981 the road uniform top adopted the split lettering style as white letters with a dark blue centering line. The letters now read BLUE JAYS instead of TORONTO as had appeared across the chest since 1977.

It was in 1980 that the players names first appeared on the backs of the uniforms. The names appeared on the home uniforms only and not on the road jerseys. Names first appeared on road uniforms in 1989 after the team had dropped the light blue uniform.

In 1989 the Blue Jays dropped the pullovers and waistband pants for buttoned shirts and belted pants. The home and road uniforms saw the logo move from the center of the uniform top to the left side of the chest below the lettering. The lettering and numbers remained in the distinctive split lettering style. The player names on both of the uniforms appeared in solid dark blue letters. The home uniform remained white but made the above changes and dropped the striping around the collar. The striping of dark blue, white and light blue remained on the sleeves and the sides of the pants.

The road uniform changed from medium blue pant and shirt to a grey uniform with dark blue, white and dark blue striping on the sleeves and pants only. The name BLUE JAYS was replaced with TORONTO in dark blue in the familiar split lettering style with a white centered highlight line arched across the chest. The logo shifted to the left breast below the lettering. The road cap was changed to a solid dark blue cap with the Blue Jays logo centered on the front.

In 1994 the solid dark blue road cap was adopted as both the home and road cap. As well in 1994 an alternate jersey was added for the first time in club history. The alternate jersey being a solid dark blue buttoned jersey.

In the twenty-two year history of the club the team has added patches to the sleeves for four different seasons. In 1986 a special 10 year anniversary patch was added which was displayed on the left arm. In 1991 the Blue Jays uniform added a patch to commemorate the hosting of the 1991 All-Star Game in Toronto. The third patch displayed on the uniform throughout the season was in 1996 when the Blue Jays displayed their commemorative 20th season logo. In 1997 the Blue Jays wore the Jackie Robinson 50th year Anniversary patch. Toronto had short term logos in 1992 and in 1993 when the World Series logo was displayed on the left arm.

Major League Rule 5 Draft, 1977-1998

Toronto has selected 21 players in the Major League Baseball Draft, since their inaugural season in 1977. Players with at least three years of professional service who are not protected on a team's major league roster are eligible for selection by another club for $50,000 (prior to 1985 the draft price was $25,000). The drafted player must remain with his new club for the full season or be offered back to his original club for $25,000. The drafting is in reverse order of previous season records and alternating between leagues. Following this major league draft, a separate selection is held by National Association clubs from class AAA to A levels. An "AAA" selection price is $12,000. An "AA" selection is $4,000.

FREE AGENCY

Free agency came about in 1976 when 244 players refused to sign contracts and opted for, at season's end, the right to participate in a re-entry draft.

That draft took place in New York on November 4. Clubs were permitted to select players with whom they could negotiate. There was no compensationn for clubs who lost players in this draft.

In later years, the draft was abolished and compensation was required.

Other than signing their own players who had opted for free agency and free agent players signed after being released, the Blue Jays' involvement in the free agent market has been:

BLUE JAYS LEVEL OF EXCELLENCE

In 1996, the Blue Jays honoured the tremendous achievements of former Blue Jays **GEORGE BELL** and **DAVE STIEB**. They will be permanently honoured inside Skydome.

In 1987 he was named the American League MVP as he set franchise marks in home runs (47), extra base hits (83), total bases (369), RBI (134) and slugging percentage (.605). **BELL** made his first of two all star appearances in 1987 when he became the first Blue Jay ever voted to the starting line-up. During his nine seasons **BELL** was a four time club MVP, the Sporting News AL and major league player of the year in 1987, a three time Sporting News Silver Slugger, a two time Sporting News All Star team selection and the American League Player of the Week eight times. The 6'1" right hand batter also set a major league record hitting three home runs on opening day, April 4, 1988 at Kansas City.

DAVE STIEB is the franchise leader in wins (175), innings pitched (2873.0), strikeouts (1658), starts (408), shutouts (30) and complete games (103). **STIEB** spent 15 seasons with Toronto, longer than any player in franchise history. **STIEB** appeared in an American League record seven All Star games and was the starting pitcher in both 1983 and 1984. **DAVE STIEB** also recorded the only no-hitter in Blue Jays history on September 2 1990 against the Indians in Cleveland. In 1982 he was named the Sporting News Pitcher of the Year after a 17-14 season with a 3.25 ERA and led the league in innings pitched (288) and complete games (20). **STIEB** was the Blue Jays pitcher of the year six times, a three time winner of the American League Pitcher of the Month and a three time winner of the American League Player of the Week.

Bobby Mattick and Al LaMacchia Awards

In 1996 the Blue Jays organization established two awards: the **Bobby Mattick Player Development Award** and the **Al LaMacchia Scouting Award**. The awards were created to acknowledge the dedication, success and work ethics of Blue Jays baseball operations personnel, attributes so aptly displayed by the awards' namesakes.

The Bobby Mattick Award was named after the longtime baseball executive who has spent the last 21 years of his career with the Blue Jays. Mattick was responsible for the development of many of the young players who have gone through the Blue Jays system. As well as being Director of Player Development for many years he also managed the Major League Blue Jays for two seasons in 1980 and 1981.

The Al LaMacchia Award was named after the veteran scout who spent 20 seasons with the Blue Jays. The contributions of Al's scouting talents have been deeply etched in the Blue Jays short history.

10 CONSECUTIVE HITS

The Toronto Blue Jays tied an American League record September 4, 1992 at SkyDome by collecting 10 consecutive hits in an eight-run second inning against the Minnesota Twins.

The Blue Jays tied the mark set by the Boston Red Sox on June 2, 1901 and equalled by the Detroit Tigers on September 20, 1983.

The major league record of 12 straight hits was set by the St. Louis Cardinals in 1920 and equalled by the Brooklyn Dodgers in 1930.

With one out in the second, Toronto's Kelly Gruber reached on an infield single against Twins' starter Kevin Tapani. Singles by Pat Borders and Manuel Lee scored Gruber to cut Minnesota's lead to 3-1.

Devon White doubled in a run and Roberto Alomar followed with a two-run single to give the Blue Jays a 4-3 lead. Joe Carter tripled home Alomar and scored on Dave Winfield's single off reliever Tom Edens. Winfield was thrown out at second for the inning's second out, but John Olerud singled and scored on Candy Maldonado's triple to open a 7-3 cushion. Gruber's bloop double to right-center scored Maldonado and ended the string of 10 straight hits.

Borders filed to center to end the inning.

Toronto's previous club record was nine consecutive hits, set against California on July 3, 1992.

STIEB'S NO-HITTER

SEPTEMBER 2, 1990 at CLEVELAND — TORONTO 3, CLEVELAND 0

DAVE STIEB chalked up his first no-hitter and the first in BLUE JAYS history as he stopped the Cleveland Indians on a sunny Sunday afternoon at Cleveland Stadium before a crowd of 23,640.

The game ended as Cleveland's Jerry Browne whacked a fly to right field where JUNIOR FELIX put the squeeze on it.

Stieb had a season high nine strikeouts and walked four over his 122-pitch afternoon.

There were no tough plays and only a couple of well hit balls. Closest the Tribe came to a hit was KEN PHELPS pulling a liner about three feet foul to open the eighth inning.

The BLUE JAYS and STIEB got their offensive support from FRED McGRIFF who hit two solo home runs and from MANNY LEE who doubled home KENNY WILLIAMS in the fifth inning.

Stieb had previously gone 8.2 innings, three times, protecting no-hitters. He had back-to-back attempts in September 1988; on September 24, 1988 at Cleveland Stadium, JULIO FRANCO had a bad hop single over second baseman MANNY LEE's head. In his next start, against Baltimore at Exhibition Stadium, JIM TRABER looped a single over his first baseman FRED McGRIFF's outstretched glove hand. Both no-hit bids were lost on 2-2 pitches. STIEB also had a perfect game for 8.2 innings on August 4, 1989 vs the Yankees at SkyDome. ROBERTO KELLY doubled to left to break it up.

1985 American League Championship Series

TORONTO vs KANSAS CITY

As the Blue Jays entered post season play for the first time, they would face the Kansas City Royals in the first ever best-of-seven American League Championship Series. The Blue Jays, who finished nine games ahead of the Royals in the loss column, were the favourites and would enjoy the extra home game.

GAME #1: Dave Stieb lived up to superstar billing, shutting out the Royals on three hits through eight innings with no base runner advancing past second base. The Blue Jays struck quickly with two runs in the second, three in the third and one in the fourth. The Blue Jays offense was sparked by 2 RBI performances by Ernie Whitt and Tony Fernandez.

GAME #2: A much more even affair with the Blue Jays eeking out a 6-5, 10-inning win. The Royals jumped into a quick 3-0 lead after 3½ innings primarily on the strength of a 2 run HR by Willie Wilson in the 3rd inning. The Blue Jays rallied and took the lead on a George Bell sacrifice fly in the 8th. The Royals rallied, however, in the 9th on a pinch hit HR by Pat Sheridan with the go ahead run being delivered in the 10th on a Frank White single. The Blue Jays won it in the bottom of the 10th on a two-out 2 run single by Al Oliver. On to Kansas City, the Blue Jays were up 2 games to none.

GAME #3: George Brett put on a baseball clinic going 4-4, 2 HR's, 3 RBI with 4 runs scored enroute to a 6-5 Royals win. Leading 5-2 after 4½ innings the Blue Jays squandered the lead for good in the 8th when Brett led off the inning with a single and eventually scored.

GAME #4: The Blue Jays came within one win of a World Series berth with a 3-1 come-from-behind victory. The Blue Jays won the game dramatically with 3 runs in the top of the ninth inning, the big blow being a 2 run pinch hit double by Al Oliver.

GAME #5: LHP Danny Jackson went the distance checking Toronto on 8 hits and scoring a run in each of the first two innings. Blue Jays still led the series 3 games to 2.

GAME #6: The Blue Jays and Royals returned to Exhibition Stadium. Entering the 5th inning tied at 2-2 George Brett once again delivered the decisive blow with a solo HR. And, with 3.2 shutout innings of relief from Buddy Black and Dan Quisenberry, the Royals pulled even in the series for the first time at three games apiece.

GAME #7: Dave Stieb, the ace of the Toronto staff vs eventual Cy Young Award winner Brel Saberhagen. The Royals came out on top 6-2 shellacking Dave Stieb for six runs in 5.2 innings. The big blow being a wind-assisted bases clearing triple by Jim Sundberg to cap a four run 6th inning.

The Kansas City Royals became only the 5th club in major league history to trail a series 3 games to one and come back to win the series. The Blue Jays? They slumped immediately after scoring five runs in the 5th inning of Game 3 scoring only eight runs in the last 40 innings.

1989 American League Championship Series

TORONTO vs OAKLAND

For the second time in five seasons, the Blue Jays were American League East Division Champions. The Blue Jays would face the Oakland Athletics who had the best record in the Major Leagues in 1988.

GAME #1: The Blue Jays surrendered 2-0 and 3-1 leads as the Athletics scored three times in the sixth and twice in the eighth to win 7-3. In the sixth inning Mark McGwire cracked a lead off HR to tie the game and two runs scored when Carney Lansford's double play ball was botched. Dave Stewart allowed five hits over eight innings for the win.

GAME #2: The Athletics tallied twice in the fourth inning and three in the sixth en route to a 6-3 win. As outfielder Rickey Henderson was a one-man wrecking crew going 2-for-2 with two runs scored and four stolen bases. Athletics' righthander Mike Moore allowed just three hits and an unearned run in seven innings.

GAME #3: The Blue Jays snapped a five game post season losing streak dating back to 1985 with a convincing 7-3 win. The Blue Jays jumped on Athletics' starter Storm Davis for four runs on four hits in the fourth inning and salted the game away with another three runs in the seventh inning. The win ran the Blue Jays' record to 11-0 at SkyDome with the roof closed. Overcoming a 3-0 Athletics' lead Mookie Wilson and Tony Fernandez paced the Blue Jays with two hits apiece, the latter with two doubles.

GAME #4: The Athletics took a commanding 3-1 lead in games with a 6-6 win over the Blue Jays. Rickey Henderson was again a major catalyst with two HR's which accounted for four RBI. The Blue Jays collected 13 hits, 11 of which were singles and attempted to overcome a 5-2 deficit with one run in the sixth and seventh innings and two in the eighth.

GAME #5: The Blue Jays spotted the Athletics a 4-0 lead into the seventh inning before eventually losing the game 4-3 and the best-of-seven series in five games. Trailing 4-1 after eight innings the Blue Jays scored twice in the ninth inning on a leadoff HR by Geroge Bell and a sacrifice fly by Kelly Gruber.

Epilogue: In essence it was Rickey Henderson defeating the Blue Jays four games to one. Henderson batted .400, slugged 1.000, had a .609 on-base percentage and swiped a LCS record eight stolen bases. The Blue Jays hit .242 as a team (compared to Oakland's .272) with only eight of their hits being for extra bases. They were outscored 8-3 in the first three innings and 12-7 in the middle three before outscoring the Athletics 11-6 in the final three innings. Unfortunately it is virtually impossible to consistently battle back from an early inning deficit. Although anything can happen in a "short series" the best team of the regular season continued that charted course into post-season, winning eight of nine contests.

1991 AMERICAN LEAGUE CHAMPIONSHIP SERIES

TORONTO vs MINNESOTA

In 1991, the Toronto Blue Jays won the American League East for the third time in the history of the organization. The Blue Jays faced the Western Division Champion Minnesota Twins in a series that would decide the American League Champion. The Minnesota Twins emerged victorious as they won the best of seven games series by a 4 games to 1 count. Below is a summary of the series.

GAME #1: Toronto starter Tom Candiotti lasted just 2.2 innings and allowed five earned runs before being lifted in favour of David Wells. The Twins would not need to score another run. The Blue Jays rallied for a run in the fourth and three runs in the sixth on five consecutive hits off Twins starter Jack Morris. Those four runs would be all Toronto could muster as they lost 5-4 at the Metrodome.

GAME #2: Toronto took an early lead as they jumped on Twins starter Kevin Tapani, scoring three times in the first three innings. Rookie Toronto starter Juan Guzman lasted 5.2 innings allowing four hits and just two earned runs before the ball was handed to the bullpen. Tom Henke and Duane Ward combined for 2.1 innings of shutout relief and six strikeouts. Devon White scored three of the five Toronto runs as the Blue Jays won their only 1991 ALCS game 5-2 in Minneapolis.

GAME #3: Joe Carter's first inning home run and a Candy Maldonado double put the Blue Jays ahead 2-0 until the sixth inning when the Twins were able to put their second run across the plate and tie the game at two apiece. Toronto starter Jimmy Key scattered five hits over six innings and allowed two earned runs. The game went into extra-innings and ended in dramatic fashion as Mike Pagliarulo, pinch hitting for Scott Leius, homered to right off of Blue Jays reliever Mike Timlin. Toronto was retired 1-2-3 in their half of the tenth as the Twins defeated Toronto 3-2 at SkyDome.

GAME #4: Blue Jays starter Todd Stottlemyre allowed seven hits in 3.2 innings before exiting with Toronto trailing 4-1. The Twins' Kirby Puckett hit his first home run of the series and Dan Gladden collected three RBI on three hits to pace Minnesota to a 9-3 win at SkyDome. It was Jack Morris' second win of the ALCS as he pitched eight innings allowing just two runs.

GAME #5: Kirby Puckett displayed his power once again as he homered in the first inning off Tom Candiotti to put the Twins ahead 1-0. Toronto put together three runs in the third and a pair in the fourth to go ahead 5-2. Minnesota was able to post three runs in their half of the sixth inning and tie the game at five. Duane Ward was handed the loss for Toronto as he allowed three runs in the eighth. Toronto was shutdown by five shutout innings of relief. Devon White, Roberto Alomar and Manuel Lee each collected a pair of hits in the losing effort as Minnesota took the American League crown with an 8-5 win.

1992 American League Championship Series

TORONTO vs OAKLAND

GAME #1: Home runs were the story of the game as Oakland used three of them to beat the Blue Jays 4-3. The A's scored three runs in the second inning off Toronto starter Jack Morris on back-to-back homers by Mark McGwire and Terry Steinbach. The 3-0 lead stood until Pat Borders homered off Dave Stewart in the Blue Jays' fifth followed by a Dave Winfield homer in the sixth making the score 3-2. John Olerud tied the score at 3 in the bottom of the eighth with a two out single off reliever Jeff Russell scoring Winfield who had doubled in the previous at-bat. Harold Baines broke the tie with a solo shot to lead off the ninth and Dennis Eckersley shut down the Blue Jays in the home half of the ninth to seal the 4-3 Oakland victory.

GAME #2: The Blue Jays were able to rebound from a Game #1 loss as David Cone held the A's to just one run over 8.0 innings en route to a 3-1 win. Cone, the Major League's strikeout leader in 1992, fanned six as he collected his second career post-season victory. Mike Moore lasted seven innings in the losing effort for Oakland. Kelly Gruber doubled and hit a 2-run homer in the fifth which would prove to be the winning runs. Closer Tom Henke came on for the save in the ninth, his first ever post-season save.

GAME #3: For the first time since 1985 vs Kansas City, the Blue Jays put together a pair of wins in the post-season as they got past the A's 7-5. Toronto starter Juan Guzman notched his second career LCS win in as many starts (1991 vs Twins) lasting six inning before being lifted in favour of Duane Ward. Tom Henke earned his second save in as many games. Despite being out-hit 13-9 by the A's, 4 of Toronto's hits went for extra-bases including homers from Alomar (solo) and Maldonado (solo). The A's collected just 1 extra-base hit.

GAME #4: In what appeared at first to be a certain Oakland victory, the Toronto Blue Jays fought back to erase a five run deficit late in the game sending the game into extra-innings. Oakland batted around earning five runs in the third inning as they jumped on Toronto starter Jack Morris. The A's added another run in the sixth making the score 6-1. Toronto began their comeback in the top of the eighth as they strung together five consecutive hits. By the end of the inning, the score was 6-4. The A's were held of the board in the bottom of the eighth but in the top of the ninth, Devon White started off the inning with a single that was misplayed allowing White to get to third base. Roberto Alomar then homered off Dennis Eckersley to tie the game at 6-6. Toronto eventually won the game in the eleventh as they scored a run off Kelly Downs to win 7-6.

GAME #5: Oakland starter Dave Stewart held the Blue Jays in check for nine innings scattering seven hits, allowing just 2 runs as Oakland sent the series back to SkyDome. The complete game win was Stewart's first win of the 1992 post-season. The 6-2 loss for the Blue Jays ended their three game win streak. David Cone took the loss for Toronto. He lasted just 4.0 innings before Jimmy Key made his first appearance of the 1992 playoffs. Ruben Sierra homered and drove in 3 runs for the A's. Devon White notched 3 hits on the day including a double in the losing effort.

GAME #6: Toronto scored a pair of runs in the first on a Joe Carter homer off A's starter Mike Moore. The Blue Jays then added four more runs in the third including a Candy Maldonado 3-run homer to put Toronto ahead 6-0. Blue Jays' starter Juan Guzman went seven innings allowing just five hits and striking out eight before the ball was handed to Duane Ward in the eighth with the score Toronto 7, Oakland 1. The A's managed a run in the top of the eighth but the home town Blue Jays secured the win as Tom Henke tossed a perfect ninth sending Toronto to its first ever World Series with a 9-2 win over Oakland.

1992 WORLD SERIES

TORONTO vs ATLANTA

GAME #1: In the first game of the 89th World Series, the Blue Jays suffered a 3-1 loss to the Atlanta Braves. Home runs were the story of the game as Toronto took an early 1-0 lead in the fourth on a Joe Carter solo homer off starter Tom Glavine. It would be the only run Toronto would score. Jack Morris continued his shutout innings streak vs the Braves extending it to 18.0 innings until a 3-run homer by catcher Damon Berryhill in the sixth inning ended the streak. Glavine went the distance for the Braves becoming the first pitcher to toss a complete game in a World Series opener since Jack Morris accomplished the feat in 1984 vs San Diego.

GAME #2: Reserve catcher Ed Sprague proved to be the hero for the Blue Jays on this night at Fulton County Stadium. David Cone lasted just 4.1 innings allowing 4 runs over that span before exiting in favour of David Wells. Cone also contributed at the plate with a pair of hits and an RBI. His two hits marked the first two hit game by an AL pitcher in the World Series since Mickey Lolich went 2-4 on October 3, 1968. Heading into the eighth inning, the Blue Jays trailed 4-2. After a run in the top of the eighth Toronto entered the ninth inning trailing by 1. After a Pat Borders fly out, rookie Derek Bell (pinch hitting for Lee) walked. Ed Sprague then pinch hitting for the pitcher Duane Ward knocked a first pitch offering from Jeff Reardon over the left field fence to put the Blue Jays ahead 5-4. Tom Henke was able to retire the Braves in the bottom of the ninth for the save.

GAME #3: The game marked the first time the World Series had been played outside of the United States as the series moved to SkyDome. In another pitching duel, Steve Avery and Juan Guzman both went 8.0 innings. Atlanta was kept off the board in the fourth with a splendid defensive effort by Devon White. While ran down a deep drive off the bat of Dave Justice that sent Devon into the wall to make the catch. White returned the ball to the infield where Pendleton was doubled-up off first. The Blue Jays drew first blood in the fourth inning as Joe Carter connected for his second homer of the series, a solo shot putting Toronto ahead 1-0. In the sixth inning, the Braves rallied to tie things at 1-1. Each team traded runs in the eighth keeping the game knotted at 2-2. The Braves attempted a rally as Duane Ward came on to pitch the ninth. But after a key double play and a strikeout the inning was over. In the home half of the ninth, Roberto Alomar started the inning off with a leadoff single. After stealing second and a Dave Winfield sacrifice, Alomar stood at third with one out. Jeff Reardon came in to try to halt the Blue Jays' advance but Candy Maldonado with the bases loaded, hit a 2-strike pitch to right centre for a base hit allowing Alomar to score the winning run.

GAME #4: In what was the third consecutive 1-run game of the 1992 World Series, the Blue Jays posted a 2-1 win behind a strong pitching effort from starter Jimmy Key. Key went 7.2 innings allowing just 5 hits and 1 earned run while striking out six Braves batters. Toronto earned their first run in the third inning as catcher Pat Borders continued on his post season hit streak with a solo homer to left. Toronto made the score 2-0 in the seventh when Devon White drove in Kelly Gruber from second base. Atlanta managed to score a run in their half of the eighth as Ron Gant led off with a double and eventually scored on a Mark Lemke groundout. Tom Henke came in to pitch the ninth for Toronto and tacked up a 1-2-3 inning for his second save of the series.

GAME #5: The game began in similar fashion as the previous four. Entering the fifth inning, the game was tied at 2-2. The Braves had collected a run in the first and fourth inning while the Blue Jays captured runs in the second and fourth. The fifth inning proved to be Atlanta's inning as they crossed the plate five times to seal the victory and send the series back to Atlanta for at least one more game. The fifth inning began for the Braves with 2 consecutive routine outs. An Otis Nixon single started the ball rolling and the Braves eventually loaded the bases on Toronto starter Jack Morris. Lonnie Smith stepped up to the plate and sent Morris' 1-2 offering over the right field wall for a grand slam making the score 7-2. The score remained the same over the final four innings making a winner out of John Smoltz.

GAME #6: The Toronto Blue Jays make history as they capture their first ever World Series and bring the Commissioner's Trophy outside of the United States for the first time. The 11-inning game began with the Blue Jays scoring in their first inning of the game. Devon White led off the game with a single off starter Steve Avery. After a stolen base and a ground out by Alomar, White stood on third. Carter then drove in White with a sacrifice fly. Atlanta answered the call in their half of the third as Deon Sanders scored his fourth run of the series. Toronto returned the favour immediately as they regained the lead with a run in the top of the fourth on a Maldonado lead off homer. The score remained that way until the bottom of the ninth when Atlanta shortstop Jeff Blauser tied the game sending it into extra-innings. The tenth inning proved to be uneventful. In the eleventh, the Blue Jays led off with Jimmy Key popping out for out number 1. Devon White was hit by a Charlie Leibrandt offering. Alomar then singled to centre allowing White to move up to second. With two out, Dave Winfield stepped up to the plate and doubled down the left-field line allowing White and Alomar to score making it 4-2 Toronto. In the Braves eleventh, Atlanta was able to score once with Jimmy Key on the mound. Mike Timlin then came in to pitch for the Blue Jays with pinch runner Smoltz on third and two out...Otis Nixon attempted a drag bunt up the first base line, that was fielded by Timlin who threw to Carter at first in time for the final out.

1993 American League Championship Series

TORONTO vs CHICAGO

GAME #1: The Blue Jays took a 2-0 lead in the fourth inning when third baseman Ed Sprague tripled to right field with Olerud and Molitor on base. Chicago then used their half of the fourth inning to produce three runs on two hits as they sent nine men to the plate. Toronto starting pitcher Juan Guzman managed to hold the White Sox in check for six innings but walked 8 batters and stranded 11 Chicago runners before exiting with a 5-3 lead. Jack McDowell lasted 6.2 innings allowing thirteen hits and all seven Toronto runs before the White Sox relief corps came on to hold Toronto for the remainder of the game. Danny Cox worked a shutout seventh and eighth allowing a single by Ozzie Guillen. Duane Ward came out for the ninth and walked the first two batters before striking out the side to end the Chicago threat.

GAME #2: Both clubs scored once in the first inning but it was the Blue Jays that would prevail as their two-run fourth inning provided the edge. The 3-1 win saw Toronto take a two games to none lead in the best of seven games series. The fourth inning started with a pair of outs by Carter and Olerud. Paul Molitor then doubled off starter and loser Alex Fernandez. Next, Tony Fernandez singled to score Molitor and moved to second on the throw home. After an intentional walk to Ed Sprague, Pat Borders singled to second base but Joey Cora threw the ball away allowing the third Toronto run to score. Dave Stewart worked six strong innings surrendering just four hits (all singles) and one run for his seventh career ALCS win against no losses. Al Leiter was credited with a hold as he pitched the seventh and eighth innings before closer Duane Ward came in to save the game in the ninth.

GAME #3: Nineteen game winner, Pat Hentgen started for Toronto but could not collect a win on this day as Toronto suffered their worst defeat of the series losing 6-1. The Blue Jays were able to hold off the White Sox attack until the third inning when they sent 10 players to the plate and combined for five runs on five singles. Hentgen lasted just three innings plus 2 batters before he was removed in favour of Danny Cox. Toronto scored their lone run in the bottom of the third as Rickey Henderson scored from third on a Devon White single. Wilson Alvarez, the Chicago starter pitched a complete game for his first career ALCS victory. He permitted just seven hits while issuing two walks and striking out six. Tim Raines provided most of the offensive support for Chicago going 4-5 with a run scored.

GAME #4: A two run home run by centre fielder Lance Johnson in the second inning gave the White Sox a 2-0 lead over Toronto. The light hitting Johnson had not hit a home run since the 1992 regular season. Todd Stottlemyre, making his first start of the 1993 ALCS lasted six innings for the home team but failed to hold onto a 3-2 lead that was handed to him in the third when Toronto batted around on rookie starter Jason Bere. The right hander lasted just 2.1 innings before being pulled in favour of Tim Belcher. Stottlemyre allowed three more Chicago runs in the sixth including a Frank Thomas solo homer and a Lance Johnson triple before departing. Roberto Alomar doubled home Henderson in the bottom of the sixth to cut the Chisox lead to one (5-4) but the visiting White Sox notched a single run off Al Leiter in the seventh and another run off Mike Timlin in the ninth to seal the win by a 7-4 margin.

GAME #5: As was the case with each of the previous four games, the team that scored first emerged victorious. This time, Toronto scored first when Rickey Henderson crossed the plate in the first inning after leading off the game with a double and a stolen base. Starting pitcher Jack McDowell allowed a Toronto run in the second and third before being lifted following just 2.1

innings. Meanwhile, Blue Jays starter Juan Guzman cruised through the first 4.1 innings without allowing a hit or a walk until Ellis Burks went deep to left field for what would be the only blemish on Guzman's slate that afternoon. He lasted seven innings permitting just two hits while walking one and striking out six. Roberto Alomar reached base in all five plate appearances (3 hits, 2 walks) to lead the Toronto attack. Tony Castillo worked a scoreless eighth allowing a single and a base on balls. Duane Ward had some difficulty in the ninth. He struck out Joey Cora and Frank Thomas following a single to lead off the inning by Raines. He then issued a two run homer to Robin Ventura that brought Chicago within two. With the tying run at the plate, Ward struck out Bo Jackson to end the game and preserve the 5-3 Toronto win.

GAME #6: With his 7-0 record in ALCS play on the line, Blue Jays' starter Dave Stewart provided the win which put Toronto into their second consecutive World Series as the Blue Jays won 6-3 over Chicago. Toronto scored first with a pair of runs in the second inning as a 2-out single by catcher Pat Borders off Alex Fernandez cashed in John Olerud and Paul Molitor. The White Sox tied the game in the third inning when a bases loaded walk by Frank Thomas and a fielder's choice by Robin Ventura scored two runs. Stewart managed to restrict the Chisox to just 4 hits and 2 earned runs before handing Duane Ward a 3-2 lead after 7.1 innings. Ward struck out the final two batters to end the eighth. Toronto added to their lead as Devon White homered off reliever Scott Radinsky to make the score 4-2. Toronto added two more runs before the inning was over as Paul Molitor tripled to centre. Duane Ward allowed his second home run of the series as Warren Newson hit a solo shot in the bottom of the ninth but that was all the scoring that the Pale Hose would achieve as the Blue Jays were crowned American League Champions for the second straight season.

1993 World Series

TORONTO vs PHILADELPHIA

GAME #1: For the first time in baseball annals, the World Series began on Canadian soil. The Blue Jays fell behind 2-0 in the first inning as the Phillies' catcher Darren Daulton singled home a pair of runs off starting pitcher Juan Guzman. After holding Philadelphia in check in the top of the second, Toronto rallied with two runs of their own on four singles off Curt Schilling. Both teams traded solo runs in the third and fifth to keep the score knotted at 4-4. With 1 out in the bottom of the sixth, John Olerud took a first pitch offering from Schilling over the right field fence for a solo home run putting Toronto ahead by one. Toronto scored what would prove to be the winning run in the bottom of the seventh as four consecutive hits by Borders, Henderson, White and Alomar produced an 8-4 lead heading into the eighth. Al Leiter, who would prove to be the winning pitcher, relieved Guzman to start the sixth and held the Phillies scoreless over 2.2 innings before turning the ball over to closer Duane Ward. Ward surrendered a run in the ninth inning as a Jim Eisenreich single scored John Kruk who had led off the frame with a single and moved to second on an error. Ricky Jordan flied out to Joe Carter for the last out to put Toronto ahead 1 game to 0 with the 8-5 win.

GAME #2: The big inning would prove to be the Philly advantage on this night as a Jim Eisenreich three run homer in the top of the third capped a five run inning that saw eight Philadelphia batters step up to the plate. Toronto starter and eventual loser, Dave Stewart lasted six innings with all five earned runs coming in that third frame. Toronto answered the Philly onslaught with a pair of runs in the bottom of the fourth as Joe Carter connected for his first of two World Series home runs. Philadelphia starter Terry Mulholland would allow just three runs over 5.2 innings before handing the ball to the bullpen. Lenny Dykstra led off the seventh inning with a solo homer off reliever Tony Castillo to stretch the Philly lead to 3 as the visitors were now ahead 6-3. Toronto scored one run in the eighth as Molitor led off with a double and eventually scored on an Olerud sac fly. Philly relievers Roger Mason (1.2 innings) and Mitch Williams (1.2 innings) closed out the game to preserve the 6-4 win and even the series.

GAME #3: The venue moved from SkyDome to Veteran's Stadium in Philadelphia for games three, four and five. This game featured solid pitching by the Blue Jays combined with a potent offence. The visiting Blue Jays jumped on Philly starter Danny Jackson in the top of the first as Paul Molitor drove home a pair of runs with a triple. He would also score as Carter lifted a sacrifice fly to right field. Molitor added a solo homer in the third to make it 4-0. Starting pitcher Pat Hentgen pitched six innings allowing just one run- that coming in the sixth as a two-out single by Eisenreich scored John Kruk who had reached base via a walk. Blue Jays added another run in the top of the sixth as Roberto Alomar scored on a sac fly after having reached base on a single and stealing second and third. Toronto continued to add to their lead as they scored three more runs in the seventh off reliever Ben Rivera. Roberto Alomar finished the night with a 4-hit game while Molitor had three hits, three runs and three RBI. Duane Ward surrendered a solo homer to Milt Thompson in the ninth to make the final score Toronto 10, Philadelphia 3.

GAME #4: In a slugfest, the Blue Jays put together one of the wildest comebacks in World Series history to beat the Phillies 15-14 and take a three games to one lead. Toronto opened the scoring with three in the first off Philly starter Tommy Greene. But the home team would take advantage of four first inning walks by starter Todd Stottlemyre as they scored four runs to move ahead 4-3. Philadelphia added two more runs to their tally as Lenny Dykstra connected for his second homer of the series, a 2-run shot in the second. The Blue Jays batted around in the third and collected four runs and sent Tommy Greene to the bench in favour of Roger Mason. Philadelphia then posted a five run fifth that included home runs from Dykstra and Daulton to extend their lead 12-7. Toronto countered with two runs in the top of the sixth as White and Alomar scored on a single and a ground out. The Phillies added a run in the sixth and one in the seventh to make the score 14-9. The Phillies relief corps could not hold Toronto from making a comeback. In the top of the eighth, the Blue Jays sent ten players to the plate. Devon White's triple with two out scored Pat Borders to tie the game and Rickey Henderson to put Toronto ahead 15-14. Mike Timlin, started the eighth and struck out the first two batters he faced before Duane Ward came on to strikeout Dykstra to end the inning. In the ninth Ward hurled a 1-2-3 inning for his second save of the series in a game that took 4 hours and 14 minutes to play and was the highest scoring game in World Series history. Tony Fernandez had five RBI in the game and White had four.

GAME #5: Curt Schilling shutout Toronto 2-0 in what was the second ever shutout of Toronto in the post season. Pitted against Blue Jays ace Juan Guzman, he allowed just five hits (all singles) and struck out six Toronto batters for his first World Series win. The Phillies scored the only run they would need in the first inning when Dykstra, who had walked to lead off the game, scored on a John Kruk groundout. They added a second run in the very next inning as a pair of doubles cashed in Daulton. In the eighth, the Blue Jays threatened with a pair of runners on base but a strikeout by White followed by an Alomar ground out ended their attempt. Guzman was equal to the challenge as he went seven innings allowing both Philly runs while fanning six. The win sent the series back to Toronto with the Blue Jays holding a 3-2 edge.

GAME #6: Toronto started their quest for a second straight World Series Championship early as they notched three runs off Philly starter Terry Mulholland in the bottom of the first. A run in the fourth and a solo home run by Molitor in the fifth put Toronto up 5-1. Dave Stewart, the Toronto starter held the Phillies to just one run over his first six innings. In the seventh he surrendered a three run homer to Lenny Dykstra- his fourth of the series. That led to Stewart being pulled from

the game. Reliever Danny Cox came in with none out and surrendered two more runs before the Phillies were halted by Al Leiter. The damage had been done and Philadelphia was now leading 6-5. After leaving the bases loaded in the eighth, Toronto made World Series history by erasing a 1-run lead in the bottom of the ninth. Mitch Williams came in to start the inning and he walked Rickey Henderson who led off. After a Devon White fly out, Molitor singled to centre to put runners at first and second. Right fielder Joe Carter then stepped up to the plate. On a 2-2 offering from Williams, Carter homered over the left field wall for a three run home run and propelled Toronto to its second consecutive World Series Championship with an 8-6 win.

BASE THEFTS ABOUND

On August 5, 1984 at Baltimore the Blue Jays set a club record with seven stolen bases. Dave Collins and Willie Upshaw each set personal highs with four and two respectively while Lloyd Moseby picked up one. Ironically, not one of the seven stolen bases figured in the scoring of a Blue Jays 4-3 win.

PITCHERS AT THE PLATE

The Blue Jays never had a pitcher bat in a regular season game in their first twenty seasons.

DAVE STIEB batted against Minnesota Twins on August 29, 1980 at Exhibition Stadium but he was playing the outfield. Stieb had gone in to play left field in the 15th inning of a suspended game started on August 28th. In his only time at the plate he flied out to the center-fielder, Ken Landreaux in the bottom of the 15th. The pitcher was Al Williams. He played one inning and had no fielding opportunities as the Jays lost 7-5 in 15 innings.

In the 1992 World Series vs Atlanta, Blue Jays pitchers were 2-7 with DAVID CONE going 2-4, JIMMY KEY 0-1 and JACK MORRIS 0-2.

In the 1993 World Series vs Philadelphia, Blue Jays pitchers were 1-8. AL LEITER had the only hit, a double.

In 1997 with the introduction of INTER-LEAGUE PLAY, Blue Jays pitchers took their turn hitting. WOODY WILLIAMS became the first Blue Jays pitcher to come to bat and also had the first hit, a single, in his second at bat off Curt Schilling on June 13, 1997. ROGER CLEMENS had the other Blue Jays hit, a double off the right-field wall at Shea Stadium against the New York Mets on September 2, 1997. He came around to score the first run ever by a Blue Jays pitcher.

In 1998, Blue Jays pitchers combined to hit .100 (2-20). WOODY WILLIAMS had both Blue Jays hits, with two singles in six at bats. As a team, the Blue Jays' pitchers have a combined .108 (4-37) batting average with one extra-base hit, since INTER-LEAGUE play was introduced in 1997.

In 1994, Toronto outfielder Joe Carter reached the 100 RBI level on August 4 in his 104th game and the team's 108th game...It was the fastest ever to 100 RBI by a Blue Jays player...Prior to Carter, the fastest ever to 100 RBI was George Bell in 1987- he reached 100 RBI plateau in 112 games (118 team).

REACHING BASE 300 TIMES

Only 49 players since 1901 have reached base 300 times in a season (hits, walks & hit by pitches)...27 players in the American League have accomplished the feat 65 times while 22 National League players have managed to do it 39 times...**JOHN OLERUD** is the only Blue Jays player to ever reach base 300 times in a season- 1993...That season, he notched 200 hits, 114 bases on balls and 7 hit by pitch...Below is a list of players since 1977 that managed the feat.

BLUE JAYS HOME RUN TRIVIA

PLAYER WHO HOMERED IN THEIR FINAL MAJOR LEAGUE AT BAT

WILLIE AIKENS, April 27, 1985...he came to bat for last time, pinch-hitting at Texas in the ninth inning. Batting for Tony Fernandez against Tommy Boggs, Aikens crashed a dramatic game-tying, two-run homer and Toronto went on to win 9-8. Three days later, Aikens was "designated for assignment" winding up in the minor leagues.

DESIGNATED HITTER

RICO CARTY had 31 home runs as the Blue Jays DH in 1978; tying with Jim Rice (1977), Andre Thornton (1982) and Jose Canseco (1994) for 5th highest ever. Dave Kingman has hit the most ever by a DH with 35 in both 1984 and 1986.

MOST PLAYERS WITH 10 OR MORE HOME RUNS

Both the 1983 and 1987 Blue Jays tied the Major League record with nine players hitting 10 or more home runs.

TWO IN ONE INNING, BATTER

JOE CARTER is the only Blue Jay to hit two home runs in one inning. He had his two on October 3, 1993 at Baltimore in the 2nd inning.

SWITCH HITTING HOME RUNS IN ONE GAME, BATTER

ROBERTO ALOMAR is the only Blue Jays to hit home runs from the both sides of the plate in the same game. He accomplished the feat twice, both at SkyDome. May 10, 1991 vs Chicago White Sox and May 3, 1995 vs Chicago White Sox.

40 HOME RUN SEASONS

Only three Blue Jays have hit the 40 home run mark. **JESSE BARFIELD** had 40 in 1986, **GEORGE BELL** had 47 in 1987 and **JOSE CANSECO** had 46 in 1998.

100 or MORE HOME RUNS FOR TWO or MORE TEAMS

JOE CARTER is one of 24 players who have hit 100 home runs for two or more team. Joe hit 203 home runs for Toronto and had previously hit 151 for the Cleveland Indians.

HOME RUNS BY THE FIRST TWO BATTERS OF GAME

DEVON WHITE and **ROBERTO ALOMAR** on August 18, 1991 at Detroit accomplished this feat for the only time in Blue Jays history.

HOME RUN IN FIRST MAJOR LEAGUE AT BAT

AL WOODS as a pinch-hitter, on April 7, 1977 vs the Chicago White Sox at Exhibition Stadium in Toronto's first game ever.

JUNIOR FELIX, May 4, 1989 vs the California Angels at Exhibition Stadium.

BLUE JAYS HOME RUNS, FIRST MAJOR LEAGUE APPEARANCE

When AL WOODS batted for Steve Bowling in the 5th inning on April 7, 1977 he became the 11th player in major league history to hit a home run as a pinch hitter in his first at bat.

JUNIOR FELIX on May 4, 1989 became the 11th major leaguer to homer on his first major league pitch vs California's Kirk McCaskill (solo).

ROLAIDS RELIEF MAN AWARD

The Rolaids Relief Man Award relies upon a unique scoring system:

- Three points for each save
- Two points for each win
- Two points deducted for each loss
- Two points deducted for each "blown save"

In the rare instance when a relief pitcher enters a game with a lead that is greater than what is allowed to qualify for a save—Scoring Rule 10.20 (3b)—and gives up the lead he will be assessed a two-point penalty (as he would have had he blown a save opportunity). He will not be charged with a "blown save" since the opportunity for a save did not exist.

In case of ties (for the monthly or annual awards), the relief pitcher with the better percentage of successful "save conversions" (saves divided by save opportunities) will be the winner. If a race is still tied, the pitcher with the lowest earned run average for relief appearances will be the winner.

"BLOWN SAVE" DEFINITION

When a relief pitcher enters a game in a save situation and departs or the game ends with the save situation no longer in effect because he has given up the lead, he is charged with a "blown save". (If the save opportunity still exists when he leaves the game, he is not charged with a save opportunity. If the pitcher has not given up the lead when he leaves the game, though the save opportunity may no longer exist, he is not charged with a save opportunity.)

ITEMS OF INTEREST

PLAYER LIMITS: 40 until opening day, when the number must be reduced to 25 until September 1, when it again becomes 40. The minimum number of active players maintained by each club throughout the championship season shall be 24.

TRADING REGULATIONS: The trading deadline is July 31.

Trades may be made with any other major league club in the period from the end of the championship season through July 31 (midnight) without waivers. Waivers are required, however:

1. If the assignment is to another major league club: From August 1 and ending at 5 pm EDT the day after the end of the season.
2. If assignment is to a minor league club, with right of recall, at any time after three years from the date the player first reported to a major league club during a championship season.
3. If assigned to a minor league club without right of recall, after acquiring three years service: At any time during the year.
4. If assigned to a minor league club, without right of recall, at any time prior to acquiring three years of service, special waivers are required between September 1 and the opening of the following season. If player is claimed, request may be withdrawn. If no claims are made, club has 7-day period in which to make assignment to minor leagues.

WAIVERS: The 1985 collective bargaining agreement brought about changes in the waivers process. Following is information on the new waiver agreements.

SUBSTANTIVE

The "trading deadline" is now July 31. Waivers are required for any inter- or intra-Major League assignment during the period beginning August 1 and ending at 5 pm ET the day after the end of the season. During the other ten months of the year no waivers are needed.

It will be easier to compute which players need waivers before they may be optioned: if three years (less one for each previously spent on option) have elapsed since the player actually reported to the Major Leagues for the first time, waivers are required. The date of actual physical reporting will be used as the benchmark instead of the date the player was first placed on a club's 40-man roster.

The procedure for outright assignments to the National Association remains unchanged from the 31st day of each season until August 31; during this period, ordinary waivers are required. However, from September 1 until the 30th day of the following season, special waivers are required.

The club must tender a special waiver request specifying that waivers are requested for the purpose of outright assignment to the National Association. The claiming period, as with other waivers, is now two business days, and an assignment pursuant to special waivers must be completed by 1 pm ET the seventh day after the waivers were secured.

Forty-eight-hour waivers, secured on players recalled not to report, continue unaffected except insofar as they no longer suffice for an outright assignment to the National Association during those times in the year when special waivers are required.

PROCEDURAL

Waiver requests deadline is now 1:00 pm Eastern Time.

Claiming period is now two business days for all waiver requests, including "special waivers" and waivers for the purpose of unconditional release.

AL Only and NL Only waivers have been abolished.

In the event of claims, withdrawals period is two business days.

A club may withdraw once per waiver period on any one player.

New waiver periods:

November 11-30th day of season
31st day of season-July 31
August 1-November 10

"Special waivers" and waivers for the purpose of unconditional release may both be requested during the closed period, October 10-November 10.

Waiver price for selected and draft-excluded players is now $25,000, and may be set by agreement ($20,000 minimum) in all other waiver assignments. Rules on priority of claim are unchanged.

Closed period on selected and draft-excluded players now runs from October 10 through the 25th day before Opening Day, and no assignments may be made pursuant to such waivers until 15 days before Opening Day. "Dates to Remember", from the league offices, will specify the correct dates each year.

FREE AGENCY (RE-ENTRY): The 1985 collective bargaining agreement brought about changes in the free agency process. Following is the appropriate information:

Six years of Major League Service continues to be required to be eligible for free agency.

The Re-Entry Draft has been abolished.

A player has 15 days from the first day following the World Series to file for free agency.

By December 7, former club must offer to arbitrate or becomes ineligible to sign player. By December 19, player must accept offer or on January 9 former club becomes ineligible to sign the player. (Ineligible club regains eligibility the following May 1.)

If club and player proceed to arbitration, maximum salary cut rules do not apply.

Player who accepts former club's offer to arbitrate is not subject to repeater rights limitations.

SALARY ARBITRATION:

Beginning in 1987, three years Major League Service required for eligibility.

Beginning in 1987, maximum cut rules do not apply if in immediately preceding year player won arbitration increase of over 50%.

Three-man panels will be scheduled to hear cases instead of single arbitrators in 50 percent of the cases in 1998, 75 percent in 1999 and 100 percent in 2000 and 2001.

Beginning in 1987, arbitrator is officially instructed to give particular attention for purposes of comparison to salaries of players with Major League Service no more than one annual service group higher than player who is arbitrating.

Beginning in 1991, a player with at least 2 but less than 3 years of Major League Service, shall be eligible for salary arbitration if: a)he has accumulated at least 86 days of service during the immediately preceeding season or b)he ranks in the top 17 percent in total service in the class of players who have at least 2 but less than 3 years of ML service, however accumulated, but with at least 86 days of service accumulated during the immediately preceeding season.

FREE AGENT DRAFT RULE (AMATEUR DRAFT) - REVISED FOR 1987: One selection meeting shall be conducted each year in June to be known at the "Summer Meeting"

Major League Clubs shall select in reverse order of their league standing at the close of the preceeding season (determined by the percentage of games it won). No club may transfer to another club its right to select.

A selected player shall be placed on a club's Negotiation List and shall remain thereon until the start of the Closed Period (The seven days preceding the Summer Meeting) of the next selection meeting, unless at an earlier date he (1) signs a contract (2) is removed because he was not eligible for selection (3) becomes a College Player by entering or returning to college.

A club may not transfer its Negotiation Right to any other club.

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or only part of it; or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME RULE:

Rule 4.12 SUSPENDED GAMES

(a) A league shall adopt the following rules providing for completion at a future date of games terminated for any of the following reasons:
   (1) A curfew imposed by law;
   (2) A time limit permissible under league rules;
   (3) Light failure or malfunction of a mechanical field device under control of the home club. (Mechanical field device shall include automatic tarpaulin or water removal equipment.);
   (4) Darkness because of any law, the lights may not be turned on.
   (5) Weather, if the game is called while an inning is in progress and before it is completed, and one of the following situations prevails:
      (i) The visiting team has scored one or more runs to tie the score, and the home team has not scored.
      (ii) The visiting team has scored one or more runs to take the lead, and the home team has not tied the score or retaken the lead.

(b) Such games shall be known as suspended games. No game called because of a curfew, weather, or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game under the provisions of Rule 4.10. A game called under the provisions of 4.12(a)(3) or (4) shall be a suspended game at any time after it starts.

(c) By amending NOTE to read as follows:

NOTE: Weather and similar conditions—4.12(a) (1 through 5)—shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the five (5) reasons specified in Section (a). Any legal game called due to weather with the score tied (unless situation outlined in 4.12(a)(5)(i) prevails) is a tie game and must be replayed in its entirety.

(d) A suspended game shall be resumed and completed as follows:
   (1) Immediately preceding the next scheduled single game between the two clubs on the same grounds;

or

   (2) Immediately preceding the next scheduled double-header between the two clubs on the same grounds, if no single game remains on the schedule, or
   (3) If suspended on the last scheduled date between the two clubs in the city, transferred and played on the grounds of the opposing club, if possible;
      (i) Immediately preceding the next scheduled single game, or
      (ii) Immediately preceding the next scheduled double-header, if no single game remains on the schedule.
   (4) If a suspended game has not been resumed and completed on the last date scheduled for the two clubs, it shall be a called game.

(e) A suspended game shall be resumed at the exact point of suspension of the original game. The completion of a suspended game is a continuation of the original game. The lineup and batting order of both teams shall be exactly the same as the lineup and batting order at the moment of suspension, subject to the rules governing substitution. Any player may be replaced by a player who had not been in the game prior to the suspension. No player removed before the suspension may be returned to the lineup. A player who was not with the club when the game was suspended may be used as a substitute, even if he has taken the place of a player no longer with the club who would not have been eligible because he had been removed from the lineup before the game was suspended.

Rule 4.11(d)

A called game ends at the moment the umpire terminates play. **EXCEPTION:** If the game is called while an inning is in progress and before it is completed, the game becomes a SUSPENDED game in each of the following situations:

(1) The visiting team has scored one or more runs to tie the score and the home team has not scored.

(2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or retaken the lead.

DISABLED LISTS:

15-Day: The player must remain off the active roster for a minimum of 15 calendar days, starting on the day following the player's last game.

60-Day: Same rules apply, however, this may only be used when the team's 40-man roster is full. Any player placed on the 60-day disabled list after August 1 may not play for the remainder of the season, including any post-season game.

EMERGENCY DISABLED LIST: Maximum number of players on list at one time-no limit. Minimum period of inactivity-sixty (60) calendar days. Players placed on this list after August 1st shall remain there for the balance of the season. This list may only be used when a club is at the maximum limit of 40 players.

AMERICAN LEAGUE CURFEWS: No inning of an American league night game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the final series of the season between two teams in each of the cities.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

DEFINITION OF NIGHT GAME: In the American League any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reason, it will be considered a day game.

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances. (The equivalent of 3.1 appearances for each of the 162 scheduled games). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch at least as many innings as the number of games scheduled for each club in his league that season and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: The individual fielding champions shall be the fielders with the highest fielding average at each position, provided:

(1) A catcher must have participated as a catcher in at least one-half the number of games scheduled for each club in his league that season;

(2) An infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league that season;

(3) A pitcher must have pitched at least as many innings as the number of games scheduled for each club in his league that season. **EXCEPTION:** If another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED-RUN AVERAGE: Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat. (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction.)

DETERMINING ON BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON & LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit. The player's individual consecutive-game hitting streak shall be determined by the consecutive games in which the player appears and is not determined by his club's games.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:

(1) He is the finishing pitcher in a game won by his club, and

(2) He is not the winning pitcher, and

(3) He qualifies under one of the following conditions:

(3) (a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or

(b) He enters the game regardless of the count, with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or

(c) He pitches effectively for at least three innings.

BLOWN SAVE RULE: When a relief pitcher enters a game in a save situation and departs or the game ends with the save situation no longer in effect because he has given up the lead, he is charged with a "blown save." (If the save opportunity still exists when he leaves the game, he is not charged with a save opportunity. If the pitcher has not given up the lead when he leaves the game, though the save opportunity may no longer exist, he is not charged with a save opportunity.

BAT AROUND: When all nine batters in a team's lineup come to bat during an inning.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

EARNED-RUNS RULE: The determination of earned-run is as follows:

"An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play."

Until 1969, the reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs, scored by batters who reach base off the reliever are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

DOCTORED BAT: A batter is out for illegal action when he uses or attempts to use a bat that, in the umpire's judgment, has been altered or tampered with in such a way to improve the distance factor or cause an unusual reaction on the baseball. This includes bats that are filled, flat-surfaced, nailed, hollowed, grooved or covered with a substance such as paraffin, wax, etc. No advancement on the bases will be allowed and any out or outs made during a play shall stand. In addition to being called out, the player shall be ejected from the game and may be subject to additional penalties as determined by his League President. (Rule 6.06d).

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitute a full year in the major leagues.

MAJOR LEAGUE SERVICE:

- is credited for each day the player appears on an active roster or major league disabled list or suspended list.
- in the case of a player called up from the minor leagues, is credited beginning with the date he physically reports.
- in the case of a major league player who is traded and reports in the normal course, service is not interrupted.
- in the case of a player sent down to the minor leagues, is credited through the date of the assignment.
- in the case of a player who is unconditionally released, is credited through the date waivers were requested.
- in the case of a player designated for release or assignment (MLR 2), is credited after the designation, through the date of the actual assignment or the request for unconditional release waivers.
- for a player who appears on his club's opening day roster, is credited as of the earliest scheduled opener, without regard to the actual opening date of his own club.
- is credited at the rate of 172 days per "year", though the season is actually 182 days long.
- is not credited during any period or periods of optional assignment totalling 20 days or more during a single season.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service) and time on the disabled list.

GAME WINNING RBI: The RBI that gives the club the lead it never relinquishes. (Note: There does not have to be a game-winning RBI in every game and all game-winning RBIs must conform to RULE 10.04).

PLAYING RULES:

Spectator Interference—batter, runner and other runner(s) will be placed at the base(s) which the umpires feel they would have reached with no interference.

Time—ball is dead, play suspended. This sign used when ball is foul, umpire then pointing to foul territory.

Batted Balls Fair or Foul—if fair, umpire points to fair territory—if foul he raises arms overhead (as in "Time" above) and then turns and points to foul territory, and vocally calls "foul".

NEW BASIC AGREEMENT

A glance at the terms of the new Basic Agreement that was ratified on Nov. 26, 1996 at a meeting of baseball's club owners in Rosemont, Ill.

LENGTH

The agreement runs through Oct. 31, 2000. Players have an option to extend to Oct. 31, 2001.

WHAT THE OWNERS GET

LUXURY TAX

Teams that have payrolls exceeding set thresholds will be taxed on the portion above the thresholds. Money will be used to fund the owners' 1997 revenue-sharing shortfall.

1997-35 percent tax on amounts above $51 million.
1998-35 percent tax on amounts above $55 million.
1999-34 percent tax on amounts above $58.9 million.
2000-No tax.
2001-No tax.

REVENUE SHARING

The owners' revenue-sharing plan, adopted March 21, 1996 retroactive to 1996, to be phased in at 60 percent for the first two years of what the maximum pool will be in 1997. The following levels are applicable:

1997-60 percent
1998-80 percent
1999-85 percent
2000-100 percent
2001-100 percent

An estimated 13 teams will give money and 13 teams will receive, with about $70 million to be transferred in 1996. The most a team would give in 1996 is about $6 million, which is also about the most any team would receive.

PAYROLL TAX

Players pay a tax of 2.5 percent of their salaries in 1996 and 1997, with the money coming from licensing income, special dues or another method determined by the union. The players will pay a minimum of $40 million. Twenty-five man rosters and disabled lists will be used for the calculation.

POSTSEASON PLAYER POOL

The players' share of the ticketed money from the first three games of each division playoff series will be reduced to 60 percent from 80 percent. Authorization granted to go to a best-of-7 division series, probably implemented in 1998.

EXPANSION

Owners will have the right to add two expansion franchises, provided that they decide by Dec. 31, 1999, and the teams start play by 2002.

SALARY ARBITRATION

Three-man panels will be scheduled to hear cases instead of single arbitrators in 50 percent of the cases in 1998, 75 percent in 1999 and 100 percent in 2000 and 2001.

INTERLEAGUE PLAY

Owners may start interleague play in 1997, with each team playing 15 or 16 interleague games. The designated hitter will be used in American League ballparks. The interleague-play agreement is for 1997 only.

CLUB/MEDIA CHAMPIONSHIP SEASON REGULATIONS

The following are Major League Baseball's regulations for Club/Media Relations. They are to be observed by all parties.

1. All accredited press, radio, TV representatives shall have pre-game access to the clubhouse. Clubhouses are to be open to accredited media from three hours and 30 minutes prior to game time until 45 minutes prior to game time.

2. The working media shall have access to both clubhouses no later than 10 minutes after the final out of the day's play — with the exception of day/night split admission games, when the media shall have access to both clubhouses no later than 10 minutes after each game.

3. Both clubhouses, the dugouts and field are off-limits except to appropriate club, League and Commissioner's Office personnel and media bearing appropriate credentials. Club credentials are not to be issued to unauthorized personnel. The Commissioner's Office and/or the League Offices reserve the right to revoke inappropriately issued credentials.

4. Players will be available to the media before and after games for interviews. These periods should not be limited except for the pre-game period described in #1 above. Upon request by the media, players who had key roles in the first game of a doubleheader are to be made available for a time between games.

5. The trainer's room and players lounge may be off-limits to the media but each club controls these areas, and it is vital they not be used as a sanctuary for players seeking to avoid the media. It is very important to our game that ALL players are available to the media for reasonable periods, and it is the player's responsibility to cooperate.

6. Ropes or other restraining barriers are not permitted to bar the media. A general code is to be observed by the media so uniformed personnel may do their work unimpeded. Media is to be allowed in foul territory, in an unrestricted manner, in an area which is not less than the territory between first and third bases, and which territory includes the area around the batting cage, except the dirt area around the batting cage.

7. Under no circumstances shall any club discriminate in any fashion against an accredited member of the media based upon race, creed, sex or national origin.

8. Physical abuse or threats directed to members of the media (and/or official scorers) by baseball personnel will not be tolerated. Disciplinary action, including fines and suspensions, will be considered in any cases which arise.

9. Visitors in the clubhouse should conduct themselves in a professional manner. There shall be no seeking of autographs, no removal of equipment and no sampling of players food spreads. Clubhouses are work places. Clubhouse business should be conducted as expeditiously as possible with a minimum of disruption of regular game routines.

10. Live TV and/or radio interviews with uniformed personnel during the course of a game are not authorized or permitted, nor is attaching a microphone to any uniformed personnel permitted without League approval. Microphones may not be placed in or adjacent to dugouts and/or bullpens in a manner that will allow uniformed personnel's remarks or conversation to be overheard during the course of a game without the prior approval of the League.

11. Live telephone interviews are not allowed from the clubhouse or the field without prior approval of the club.

12. Telephones from both dugouts to the press box are to be maintained in working order for the purpose of providing information regarding special circumstances to the media during the course of a game. Explanations of injuries should be made as soon as possible (to both the media and fans in the stadium).

13. Accredited media are not required to sign in for clubhouse access.

14. Any club whose personnel violates these regulations will be disciplined. Any member of the media who violates these regulations will lose his or her accreditation.

SKYDOME

SkyDome became the new home of the Toronto Blue Jays on Monday, June 5, 1989. The retractable roof stadium is the world's most advanced and luxurious ballpark. The stadium employs leading edge technology in both design and function. From the artificial turf to the 161 private SkyBoxes, the finest attention to detail was given.

At conception, SkyDome took an innovative approach to financing, construction and design. Until 1994, SkyDome had been owned by The Stadium Corporation of Ontario, a consortium comprised of both public and private funds. The Province of Ontario and the Municipality of Toronto each contributed 30 million dollars. Joining these two levels of government were 30 Canadian corporations including the Toronto Blue Jays Baseball Club. Each private company contributed 5 million dollars in exchange for preferred supplier status and a SkyBox. The final construction cost of SkyDome exceeded 500 million dollars.

Architects Rod Robbie and Michael Allen designed SkyDome and have patented its retractable roof system. Preparation of the site began in April 1986, with groundbreaking taking place in October of that same year. The last exterior concrete was poured in November of 1988 and the first test of the moveable roof panels took place in January 1989. More than 10,000 person-years of employment were created by the construction of SkyDome.

The venue is located just to the south and west of the CN Tower, between John Street and Blue Jays Way. A five minute walk from Union Station, it is easily accessible by the TTC or Go Transit. Several public parking lots are within a ten minute walk of the stadium.

SkyDome is home to the Toronto Blue Jays Baseball Club and Toronto Argonauts Football Club as well as playing host to hundreds of other events during the year such as concerts, trade shows and charity functions. Also located in the building is SkyDome Hotel, a 348-room hotel with 70 rooms overlooking the field. SkyDome houses several corporate offices for various companies including the Toronto Blue Jays.

One of the unique features of SkyDome is that it can be "transformed" from one mode (ie. baseball) to another mode (ie. football or concerts) within hours. The 100 level seating areas are situated on railway tracks that allow the seats to move for conversion purposes.

SKYDOME PROVIDES BLUE JAYS WITH NEW TURF

The Toronto Blue Jays began playing on a brand new artificial surface (AstroTurf) beginning in 1997. Toronto's SkyDome provided the Blue Jays with a surface to be used for baseball only. The SkyDome now uses a dual turf system for baseball and football with football using the old turf.

The old system required painting football lines on the turf as well as cleaning up the base in-field areas and tobacco stains on the old turf in preparation for football games.

The new turf, AstroTurf stadium surface, was manufactured by Southwest Recreational Industries, Inc (formerly AstroTurf) based in Leander, Texas. The lifespan will now be increased to 14 years because it will only be used for one sport.

The product is the same as the previous turf with the following differences:

- the new underpad will be non-perforated and the fastening system is now velcro (instead of the zipper fasteners on the old turf);
- the velcro is easier to install, faster to install, requires lower maintenance and since the seam is tighter between the turf it will be safer for the players;
- the colour of the turf will be a slightly darker green in order to give it a more consistent look with natural grass and to add more colour contrast for television.

The total price including taxes and duties was $2,000,000 (CDN).

The first Blue Jays game ever played was on March 11, 1977 at Grant Field. The Blue Jays defeated the New York Mets 3-1.

The Blue Jays play their spring exhibition games at the newly expanded and modernized DUNEDIN STADIUM at GRANT FIELD.

From 1977 to 1989 the Blue Jays played at Grant Field with a seating capacity of 3,417.

The City of Dunedin, at a cost of approximately $2.4 million provided a new stadium in 1990 to be called Dunedin Stadium at the same location as Grant Field, at the corner of Douglas Avenue and Beltrees Street.

The new stadium was designed by the architect firm of JOHNSTON DANA ASSOCIATES and was built by CASE CONTRACTING Company of Plant City, Florida.

The old structure came down in the first weeks of September 1989.

Some of the features of Dunedin Stadium:

- a symmetrical 'U'-shaped structure with four entrance ramps
- total capacity is 6,106
- seats are arm chairs (4480) with top eight rows under cover
- bleacher seats (1698) are located along first base/left field lines
- grade level area for wheelchairs (20 plus 20 for attendants)
- upgrade in lighting standards adequate for AA and AAA
- two new concession stands
- new public restroom facilities
- first-aid room
- security office
- ticket windows
- TV/photographer pits
- press box provides two radio booths, one television booth plus seating for 25 members of print and electronic media
- media workroom and lounge for hospitality
- umpires room

The actual playing field remained the same as did Blue Jays and visitors clubhouses.

As well as the Toronto Blue Jays, the Dunedin Blue Jays of the Class A Florida State League play at Dunedin Stadium.

The Toronto Blue Jays have committed to the City of Dunedin to continue to play spring exhibition games at Dunedin Stadium through 1999.
